

## Saturday Trail Event

### Community Group Hikes

**April 12, 2014**

Hikers will meet at the trailhead at Sky Haven Lane (east trailhead). Botanist James Dillane of the California Native Plant Society will lead two hikes to observe and talk about the native wildflowers.

The first three-mile hike will begin at 8:30 a.m. A highlight of the hike will be crossing the newly constructed boardwalks that elevate the trail along the wetlands of Calaveras Creek. A second more vigorous three-mile hike will start at 10:30 a.m. (same location) to explore the west side of the preserve as well as Mt. Calavera.

Participants should wear close-toed shoes, a hat and sunscreen. Water and healthy snacks will be provided for the first hike. Hikers may bring their own sack lunches for the second hike.

**Date:** April 12, 2014
